

Fiji Industrial Internet Data Center

Overview

Telecom Fiji Limited's head of ICT, Shalvin Narayan, has announced plans for the construction of a data center set to commence in 2026. The project, which is expected to span approximately 24 months, marks a significant development for both Fiji and the broader Pacific region. Speaking at the 2025. Google is set to build a FJ\$200 million (US\$89. In a recent YouTube video with Vijay Narayan, deputy Prime Minister Manoa Kamikamica said Google connectivity brings "serious opportunities" for Fiji to become a regional hub for the Pacific. Mr Narayan was among the delegates attending the 2025 EXTRA Fiji Architecture Conference and Trade Exhibition at the Sheraton Fiji Golf. Concept plans for the development of the new state-of-the-art Telecom ICT Park have been revealed and once constructed, it is set to revolutionise Fiji's information and technology industry and boost Fiji's growing BPO sector.
