

Middle East Phenolic Flame-Retardant Cable Trays

Overview

FRP/GRP cable trays by Middle East Fiberglass Industries L. – corrosion-resistant, lightweight, fire-retardant, and durable solutions for industrial, commercial, and marine cable management. Middle East projects expose cable tray systems to extreme ambient temperatures, intense solar radiation, dust, and—often—coastal corrosion. Their use is related not only to the requirements of building codes, but also to the need to maintain the integrity and operability of critical systems at. Ferrotech FRP Cable Tray system are Manufactured from Glass Armoured thermoset fire retardant resins. Available in different range, applied for ideal locations where the Metallic systems get easily corroded. Lightweight yet strong, they ensure long service life with minimal maintenance.
