

Ordinary fiber optic cable centralized procurement price

Overview

For fiber cable materials only, expect \$0.52 per foot for wholesale bulk purchases, or \$1 to \$6 per foot at retail. The wide price range reflects differences in fiber strand count, outer jacket construction, and application type. China Mobile's central procurement of optical fiber and cable is about to open the bid, and the price is expected to stabilize and rise. China Mobile recently issued a bidding announcement for ordinary optical cables. The estimated purchase scale is about 140 million core kilometers, and the maximum. China Galaxy Securities released a research report stating that the bidding results for the centralized procurement project of special optical cable products by China Mobile from 2026 to 2027 have been announced. In some cases, suppliers only guarantee quotations for the same day, and in extreme situations even half-day quotations are appearing in the market. For many professionals who have worked in the optical. Access vendor counts for each unique region when you subscribe. For example, lower prices are associated with Single fiber (\$0. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000.
